PROFESSIONAL SUMMARY

Backend Java Developer with 2+ years of experience in designing and developing scalable enterprise applications using Java, Spring Boot, and Microservices. Strong expertise in backend development, REST APIs, database design, and production support. Improved system performance by 25% and reduced deployment time by 50% through optimized CI/CD. Skilled in troubleshooting, debugging, and delivering high-quality solutions in Agile environments.

TECHNICAL SKILLS

Programming Languages: Java 8, SQL

Backend & Frameworks: Spring Boot, Spring Cloud, Spring Data JPA, Spring Security, Spring Batch, Microservices, REST APIs

Tools & DevOps: Docker, Jenkins, Kafka, Kubernetes (Basics), Maven, Gradle, Postman, IntelliJ, SonarQube

Databases: PostgreSQL, MySQL, Oracle, H2 Database

Concepts: SDLC, Agile/Scrum, CI/CD, OOP, Problem Solving, System Design Basics, DSA

Version Control: Git, GitHub, Bitbucket

Serole Info Technologies India Pvt Ltd

Associate Software Developer | July 2023 – Present

Project: INDIGIT (India)

Backend Java Developer

- Developed and enhanced 5+ scalable microservices using Java and Spring

Boot.

- Implemented asynchronous communication using Kafka, improving system decoupling and message handling.
- Designed optimized PostgreSQL schemas, achieving 25% faster query performance.
- Reduced production bugs by 40% through effective debugging and support.
- Automated build and deployments using Jenkins and Docker, decreasing deployment time by 50%.
- Improved code quality by 15% through SonarQube integration and enforcing coding standards.
- Migrated two legacy applications to the latest Spring Boot version with full backward compatibility.
- Worked on LCNC Platform to build metadata-driven modules, automations, and configurable components that reduced manual backend development effort by 40%.

Project: TUNE (Malaysia) & ZUNO (Mumbai)

Backend Java Developer

- Enhanced FS-QUO module for insurance policy lifecycle management, reducing quote-to-issue cycle by 30%.
- Created 50+ business rules in underwriting engine, improving policy approval automation by 35%.
- Resolved 100+ production issues, achieving 99.5% uptime for critical modules.
- Built country-specific configurations for multiple regions to meet client requirements.
- Involved in deployments, sprint planning, and Agile ceremonies for continuous delivery.

CERTIFICATIONS

- Java Beginner to Master
- Git – Beginner to Advanced
- Spring Boot Masterclass

EDUCATION

B.Tech in Electronics and Communication Engineering

QIS College of Engineering & Technology, JNTUK | 2023 | 7.34 CGPA

Intermediate (MPC)

Sri Pratibha Junior College | 2019 | 9.8 CGPA

SSC

Sri Vidhyanikethan High School | 2017 | 9.8 CGPA

Declaration
